

Activation Guide

Once you've had the unit installed and wish to activate and/or track your vehicle.

1. Log into <http://SalesIQ.RMTracking.com> (capitalization not required), using your established username and password for NavIQ.
2. Click on the Manage Devices link, near the top of the page.
3. Find the device you wish to track and click on it.

Device Name	Device Type	Status	Last Known Location
Rob_PT-200	PT-200	Stopped	
Rob_Spider	Smart Tracker	14 Day Old Data	Never Reported
Device Inactive			
Select Activation Period		Purchase	Month-to-date used: 0, 0 available in usage plan.
[[Select One]]			
Rob's Buick	RMT Rover	Stopped	
SofTee_Automation	Smart Tracker	Stopped	

4. Within the device details, you'll see and Inactive, Active or Pending status, you'll see purchase options and you'll see a usage meter, showing month-to-date usage and your available locates.

5. Clicking the purchase button will take you to the RMTracking shopping cart, where you may enter your payment information and continue the transaction. Upon completion of your purchase, you may return to the SalesIQ website to view the status of any pending activations. *Note: activations are normally completed within 10 – 15 minutes. Some activations can take as long as 45 minutes to complete. Locates packages are added immediately to the system.*

6. Once activated, and with locates available, tracking your vehicle is just a click away. Simply login to <http://gps.rmtracking.com> with your NavIQ username and password. For detailed instructions about our NavIQ software visit our online tutorials at <http://www.rmtracking.com/naviqtutorials.php>
